

**FUEL FOR LIFE**

XYNG increases your energy and helps you be more alert and active in your life. Lack of energy is one of the major reasons we don't exercise enough. The basics of losing weight and maintaining a healthy weight is to not only eat less, but move more. XYNG provides the added boost to get you through your day - with enough energy left to do the extras, such as exercise, that make us feel our best.\*

Supplement Facts		Serving Size: 1 capsule
		Servings per Container: 30
	Amount Per Serving	% Daily Value
Vitamin B6 (as pyridoxine HCl)	4 mg	200%
Calcium (from coral)	20mg	2%
Magnesium (from coral)	10mg	3%
Chromium (as chromium polynicotinate)	120mcg	100%
Proprietary Blend	321mg	*
<small>Jet black cocoa seed extract, barley grass, kelp (whole plant), geranium root, trace mineral complex (AquaMin™), beta-phenylethylamine HCl, theobromine</small>		
Caffeine (from natural source)	90mg	*
Vanadium (as vanadium chelate)	10mcg	*
Metabolizing Blend:	5mg	*
<small>Concentrated vegetarian amylase, protease and lipase</small>		

\* Daily Value not established.

OTHER INGREDIENTS: gelatin, microcrystalline cellulose, magnesium stearate, silica.

**SUGGESTED USE:** Adults, orally take 1 capsule mid-morning and/or mid afternoon, 2 hours after a meal or on an empty stomach. Benefits should be noticed within 60-90 minutes. Do not take too late in the day as sleep may be impaired. Do not take more than 4 capsules per day.

- Keep out of reach of children.
- Store at 15-30°C (59-86°F).
- Protect from heat, light and moisture.
- Do not purchase if seal is broken.

**WARNING:** Not intended for use by persons 17 years or younger without the supervision of a health professional and parent/guardian. Not for use by persons who are pregnant/nursing, caffeine sensitive, suffer from high blood pressure, heart disease, difficulty urinating, psychiatric condition, depression, recurrent headaches, a medical condition or any person taking MAO inhibitors, ADHD drugs, anti-depressant medication or has a heart condition. Consult a physician before taking this product. Do not take with cold medicine/drugs containing Pseudoephedrine, Ephedrine, PPA or caffeine-containing products. Consumption contrary to warning may cause adverse health effects. If unpleasant effects occur, discontinue use. May cause a positive result in drug screening requirements for competitive sports.

**XYNG™**  
**FUEL FOR LIFE**

XYNG is a blend of all-natural ingredients, bursting with a proprietary mix of herbal ingredients, vitamins and minerals uniquely formulated to assist in increasing energy, improving focus and making you feel more vibrant than ever, while helping to ramp up your metabolism and curb your appetite at the same time.

The natural energy produced by XYNG provides an unbelievable sustained and rock-steady energy. Even better, it lifts your mood and creates a thermogenic effect that will help you meet your weight loss goals quickly and feel amazing as you do it! Now you know why we call XYNG "FUEL FOR LIFE".\*

**ADD A LITTLE XYNG TO YOUR DAY!**

## ENERGIZE WITH XYNG

WE LIVE IN A FAST-PACED, HIGH STRESSED WORLD OVERFLOWING WITH PROCESSED, NUTRIENT-DEFICIENT FAST FOODS SO IT'S NO WONDER WE FEEL LISTLESS AND TIRED AND KEEP PACKING ON THE POUNDS. LACK OF ENERGY IS ONE OF THE MAJOR REASONS WE DON'T GET ENOUGH EXERCISE, WHILE MENTAL FATIGUE AND STRESS MAKE US MORE PRONE TO OVEREAT. WE ALL KNOW THE BASICS OF LOSING WEIGHT AND MAINTAINING A HEALTHY WEIGHT START WITH MOVING MORE AND EATING LESS, BUT ONLY ONE PRODUCT, XYNG, DELIVERS A POWERFUL ONE-TWO PUNCH WITH ITS REVOLUTIONARY NEW ENERGY BOOSTING AND APPETITE CONTROL FORMULA. WHEN YOU USE XYNG IT'S LIKE FILLING UP A CAR THAT'S EMPTY WITH THE MOST ADVANCED HIGH-OCTANE FUEL EVER DEVELOPED. ONE MINUTE YOU'RE SITTING THERE ON EMPTY, THE NEXT MINUTE THE PEDAL IS TO THE METAL AND YOU'RE FLYING DOWN THE ROAD. IT'S ONE OF THE MANY REASONS XYNG IS BLOWING AWAY THE COMPETITION.\*

### THE NUTRITIONAL ZING BEHIND XYNG

**VITAMIN B6** may aid in the formation of several neurotransmitters and is therefore an essential nutrient in the regulation of mental processes and possibly mood.

**CALCIUM** (as Coral) - Coral calcium may help to increase bone density, strengthen teeth and help with osteoporosis. It is a natural dietary supplement that contains dozens of natural minerals and vitamins that the human body requires for good health, including Vitamin D and magnesium, two essential elements that work well with calcium. Having sufficient calcium in the body can prevent muscle and bone pain, high blood pressure caused by stress and cramping of the muscles, as well as bone diseases.

**MAGNESIUM** (as Coral) may help us to control blood pressure in our body and associate with potassium and calcium. Note: Some experts feel that by adding Calcium and Magnesium to energy and weight loss formulas people experience a smoother energy level and a more balanced PH.

**CHROMIUM** (as Polynicotinate) is said to have greater biological activity than other forms of Chromium, including sources from picolinate. CP helps to stabilize blood sugar levels and can be critical to the synthesis of cholesterol, fats and proteins. Chromium polynicotinate of pure niacin-bound chromium, identified by United States Government researchers as the active component of true GTF (Glucose Tolerance Factor), is responsible for binding insulin to cell membrane receptor sites. Chromium polynicotinate has been shown to possess greater biological activity than other Chromium picolinate weight loss supplements.

**VANADIUM** Some studies indicate Vanadium may be a key micronutrient. Vanadium helps control blood sugar in diabetics. Along with Chromium which is beneficial for diabetics, Vanadium is sometimes used in body building supplements. Diabetics as well as body builders and personal fitness trainers may be attracted to using XYNG for reasons beyond energy, appetite suppression and mood enhancement.

**JET BLACK COCOA** (seed) may have the ability to elevate the metabolism and perhaps even increase satiety (fullness). For instance, this seed contains the chemical responsible for that "chocolate high" some people experience when eating... uh... chocolate.

**GERANIUM ROOT** as a nutrition supplement has been used to stimulate weight loss. Also used as a nasal decongestant, some say they seem to breathe better after taking this supplement.

**BETA-PHENYLETHLAMINE HCL** (Trace Mineral Blend) Referred to as "PEA" Researchers believe that our body releases phenylethylamine as if when we are in love, thus producing the uplifted mood associated with love. It is rumored that chocolate produces the same feelings because of the phenylethylamine it contains. Have you ever tried eating dinner after eating chocolate? Same goes with phenylethylamine you just are not hungry and experience loss of appetite.

**BARLEY GRASS** (5 grams) has more protein and fiber than a serving (114 grams) of raw spinach. Barley grass juice contains antioxidants, enzymes, and other phytochemicals that in vitro neutralize free radicals and other unfriendly chemicals, including pesticides and food preservatives. This grass also contains large amounts of beta carotene, folic acid, calcium, and several B vitamins making it a good source of nutrients. Barley juice also contains nutrients such as vitamins C and E, which are much more potent together than when taken separately. Barley grass is high in iron, all essential amino acids, flavonoids, and a number of minerals. Barley grass may sometimes be rich in vitamin K, which interferes with the action of anticoagulants such as Coumadin (the brand name for warfarin, a drug used to treat and prevent blood clots).

**KELP** nourishes the thyroid gland and helps maintain healthy metabolism and glandular function.

**FEEL THE DIFFERENCE – ADD A LITTLE XYNG TO YOUR LIFE!**
